CHM 2045 : General Chemistry 1 - UF

Hi, I was wondering whether it is better to take CHM 2045 or CHM 1025. I took Chemistry Honors in 10th grade, but don't really remember much from it. I wasn't sure how much knowledge you

needed of chemistry to go into CHM 2045. I'll be fine with the math in the class I just don't really know many chemistry concepts.

CHM 2045 : ufl - reddit

CHM 1025, a two-credit course, is offered for students who wish to strengthen their understanding of basic

concepts of atomic structure and stoichiometry before beginning the general chemistry sequence (CHM 2045/2045L, CHM 2046/2046L). A chemistry placement exam is offered online on ONE.UF.

UF Undergrad Catalog

A placement exam is offered via ONE.UF

and the score achieved determines whether CHM 1025 or CHM 2045 is the appropriate first course in chemistry.

You are not wasting your money. I took 1025, got an A, thought I would be fine in 2045... I barely got a B in 2045... Unless you are a chemistry GENIUS, take 1025. Unless you want to fail/barely pass 2045. I basically had to give up all my

time this past semester.. and this was at a CC. My CC prof used to teach at UF.
