I have a 3126 cat engine that stopped running, cranks like crazy but no fire, we changed the oil pump on the oil pan, changed the pressure sensor on side of pump and still no start, no smoke coming ou ... read more

3126 Cat Crank no start. - JustAnswer

Re: HELP - 3126B CAT motor wont start If it won't stay running after firing with ether, it sounds like the injector pump isn't working or a clogged fuel filter, although it could also be a bad lift pump (if it has one).

SOLVED: 3126B CAT motor wont start - Heartland Owners

This engine has a small primer on the water separator filter but none on the engine and seconddary filter. Also where is the fuel transfer pump (near the HPOP)? Any suggestions you may have would be greatly appreciated. My local (30 miles away) Cat dealer will not come down to run the codes and I hesitate using either to start it again. Thanks Bob

if your still having the problem check this, injection actuation sensor on your 3126 it will be on the left side of the engine towards the front top next to the valve cover. Unplug this sensor if it starts then thats your problem, replace it and your good to go.

Cat 3126 B won't start **HELP*** | Page 2 ...**

CAT built the 3126 from 1997 to 2001, in 2002 CAT came out with a modified 3126B.. I think you are correct based on this info from the Freightliner Parts Pro. 3126E TRUCK ENGINE

2002 cat 3126 Journey DL will not start - Engines - FMCA

...

Not exactly the same engine, but yours were derived from the 3116, sort of. I did experience an unwanted engine shut down, only once during 17 years of ownership overall. So, don't take this as a suggestion that your problem is likely to be the same, also because I'm not sure if the 3126 and the 3116 share the same component.
