This blog post walks through the creation of a story map about age and social vulnerability in the context of coronavirus.. I mean, I just make maps. What do I know. But here's what I'm reading: Novel Coronavirus infections, and resulting Covid-19 disease, appear to be afflicting older populations much more strongly than younger.

### Age and Social Vulnerability in the Context of Coronavirus

History of Europe - History of Europe - The age of revolution: During the decades of economic and social transformation, western Europe also experienced massive political change. The central event throughout much of the Continent was the French Revolution (1789-99) and its aftermath. This was followed by a concerted effort at political reaction and a renewed series of revolutions from 1820 ...

### History of Europe - The age of revolution | Britannica

The Age of Context is being brought about by a number of technology trends which have been accelerating in a parallel and are now coming together. The first, and most obvious trend, is the proliferation of supercomputers in our pockets. Industry analysts forecast 1.87 billion phones will be shipped by 2018.

### Into the Age of Context - Crossing the Pond - Medium

The Age of Innocence describes these rules and regulations of conduct even while it describes the lavish spreads and the sumptuous clothing. It describes the coziness of having a (super-duper rich) place in society, even as it describes the claustrophobia that that society inspires.

### The Age of Innocence Introduction | Shmoop
