Inside the Icom AH-4 Tuner This paper describes the Icom AH-4 wide range antenna tuner. It attempts to compensate for a rather sparse instruction manual by providing information on how to interface the AH-4 with any HF radio. In addition, it also provides recommendations regarding antennas for fixed locations. An overview and

Inside the Icom AH-4 Tuner

User review of the ICOM AH-4 auto tuner. the ground should be a heavy strap bonded to the frame of the vehicle, and the tuning unit should be mounted as close to the whip as possible, preferably with a feed length of 12" or less to the whip.

User review of the ICOM AH-4 auto tuner.

Icom is an outstanding, comprehensive radio manufacturer that produces radio communication equipment of all genres, from amateur radios to terrestrial, marine and avionics radios, as well as LTE, WLAN and satellite radios.

Instruction Manual / Guides | Icom Inc.

The LC combinations of 45 previously-used frequencies are automatically memorized in the AH-4. Once a frequency is memorized, the AH-4 tunes on that frequency in less than 1 sec. Note that the AH-4 does not memorize a frequency which is normally tuned within 2.5 sec. Memories are retained only when the power is on. WEATHERPROOF DESIGN

Icom AH-4 GigaParts.com

The AH -4 is intended to be used with certain late -model Icom radios, such as the IC -706 and IC -746. The AH -4 communicates with the radios using t wo control lines.

Icom AH-4 Service Manual PDF Download

While the more experienced OM out there will probably find this obvious, the trouble lies in the fact it is so obvious that Icom completely forget to mention it in their product manual! To work properly, the Icom AH-4 needs ferrite cores placed on both the feedline and the control line - the manual does not cover this.

AH-4 | VK3BL / XU7AGA's HAM Radio Blog

Once a frequency is memorized, the AH-4 tunes on that frequency in less than 1 sec. Note that the AH-4 does not memorize a frequency which is normally tuned within 2.5 sec. Memories are retained only when the power is on. - WEATHERPROOF DESIGN The AH-4's tightly sealed plastic case allows convenient mounting virtually anywhere.

Icom AH-4 - Download-Service-Manuals.com

ICOM AH-4 antenna tuners are specially designed to automatically tune a long-wire antenna for portable or mobile HF/50 MHz operation. The "PTT tune" function provides for simple operation when band-changing. Note: For additional information, please look at the files under the "Documentation" tab. Warranty
