Unit 2.2 - Introduction to Trig Functions Creating Waves from Triangles Name: Let’s consider a large clock that is hung on a wall such that the center of the clock is exactly 4 feet above the ground. The tip of the minute hand moves between a maximum of 5 feet and a minimum of 3 feet off the ground. Create a plot of the

Unit 2.1 - Introduction to Trig Functions

Singles are weighted 1, doubles are weighted 2, triples are 3, home runs are weighted 4 and all other outcomes are weighted 0. The weighted sum is then divided by the total number of at-bats. Calculate this players slugging average: 8 singles 5 doubles 0 triples 2 home runs 40 at-bats

AMDM Unit 1 Review | Other Quiz - Quizizz

Estimating the number of people in a large crowd is very challenging and often leads to controversies. One method sometimes used is to focus on a small section of the crowd, such as a rectangular area.Photographs are good tools to use to estimate a static crowd. Think of a method that would be effective to estimate the size of a moving crowd.
