of being” (Anatole Broyard, Intoxicated by My Illness) and come to terms with the responsibility of this privileged position.

Becoming a Doctor | ThereseZink.com

Yet in their reflections, the first-year students address these everyday truisms—both the good and the bad alike. Becoming a Doctor is a refreshing read for anyone beyond their first year of training who hopes to reexamine why we choose to enter the medical profession and what we expect from a career in this field.

Becoming a Doctor: Reflections of First-Year Medical ...

Becoming a doctor is not just about acquiring professional education, but the behavior of a doctor towards their patients is as important. This is why the physicians with bad doctor reviews are mostly due to their behavior instead of professional credibility.

are visible to supervisors, training programme directors, and others, and are then rudimentarily checked at the Annual Review of Competence Progression.

Written reflection is dead in the water | The BMJ

The Millennial Doctor. It's a lofty goal, but it's time to start taking back the narrative on millennial doctors which has been negative for too long. It's time to show the emotion and humanity of medicine, to pull back the veil on physician burnout and to show there is another way to live our lives, beyond the script of consumption.
