Better Never To Have Been

Better Never to Have Been challenges these assumptions. David Benatar argues that coming into existence is always a serious harm. Although the good things in one's life make one's life go better than it otherwise would have gone, one could not have been deprived by their absence if one had not existed. Those who never exist cannot be deprived.

Better Never to Have Been: The Harm of Coming into ...

Better Never to Have Been: The Harm of Coming into Existence is a 2006 book by South African philosopher David Benatar. In the book, Benatar makes a philosophical case for antinatalism, claiming that humans are wronged by their parents when they bring them into existence.

Better Never to Have Been - Wikipedia

Therefore, never existing is better than existing, considering all the suffering that humans must endure. Benatar urges us to look at Mars as an example. There is no suffering on Mars because there is no sentient life there. The Earth, however, is full sentient life and suffering.

Better Never to Have Been: The Harm of Coming into ...

Better Never to Have Been is a tremendous philosophical work dealing with antinatalism. In it, David Benatar argues for that which no one has the courage to argue for: That coming into existence is always a harm and that sometimes life may not only not be worth starting but also not worth continuing.

Better Never To Have Been: The Harm of Coming into Existence (Oxford: Oxford University Press, 2006) ELIZABETH HARMAN Princeton University In this book, David Benatar argues that every person is severely harmed by being brought into existence, and that in bringing any person into existence one impermissibly harms that person.

Critical Study David Benatar. Better Never To Have Been ...

(His book, Better Never to Have Been: The Harm of Coming into Existence makes the same argument.) Here is a summary of his basic argument. It is commonly assumed that we do nothing wrong bringing future people into existence if their lives will, on balance, be good. This assumes that being brought into existence is generally beneficial.

Summary of David Benatar's, Better Never to Have Been ...

Better Never to Have Been Quotes Showing 1-30 of 35 "It is curious that while good people go to great lengths to spare their children from suffering, few of them seem to notice that the one (and only) guaranteed way to prevent all the suffering of their children is not to bring those children into existence in the first place."

Better Never to Have Been Quotes by David Benatar

He concludes that it is better never to come into existence, as being born is always a harm. Reflections – Benatar relies on an asymmetry to claim that it is better never to have been born and that it would be a good thing if the human race became extinct. The validity of this asymmetry is questionable.
