California Mathematics Framework Grade Eight 373. Connecting Mathematical Practices and Content The Standards for Mathematical Practice (MP) are developed throughout each grade and, together with ... geometric concepts. Students seek the meaning of a problem and look for efficient ways

2013 Math Framework, Grade 8 - California Department of ...

The math standards were designed with coherence in mind, meaning that there should be a progression of mathematical concepts and ideas that are connected within and across grades. Every new learning should be an extension of previous learning, whether it's day-to-day or year-to-year. In short, math should make sense.
