Recently bought this Clausing lathe for my home shop. It has been re-painted, and I have no clue as to what model it is. Would like to know so I can get a manual. Has a 15" swing, a geared head, and a 5HP motor. I believe that it is 48" between centers. Lucas

Clausing lathe model identification - Practical Machinist

Hi There, First, Welcome to The Group! The 5914 is generally the most common of the 5900 series of lathes but there were many different configurations available. Each will have a different model number (like 5902, 5903, 5913, 5922, etc.). Each model had different combinations of available features (like single phase, 3-phase, two speed motor, clutch/brake option, no clutch/brake option, bed ...
