Codifying Contract Law International and Consumer Law

In law, codification is the process of collecting and restating the law of a jurisdiction in certain areas, usually by subject, forming a legal code, i.e. a codex of law. Codification is one of the defining features of civil law jurisdictions. In common law systems, such as that of English law, codification is the process of converting and consolidating judge-made law into statute law.

Codifying Contract Law International And Consumer Law ...

The justification for a contract code rests on the need to preserve English contract law's workability and ability to resist calls for its wholesale replacement by provisions in a pan-European code, and in addition on the need to cement its position as the law of choice for international business transactions.

Codifying Contracts—An Idea Whose Time has Come? | Current ...

Codifying Choice of Law Around the World chronicles, documents, and celebrates the extraordinary, massive codification of Private International Law (PrIL), or Conflict of Laws that has taken place in the last 50 years, from 1962-2012. During this period, the world has witnessed the adoption of nearly 200 PrIL codifications, EU Regulations, and international conventions—more than in all preceding years since the inception of PrIL.
