Construction

Construction definition is - the act or result of construing, interpreting, or explaining. How to use construction in a sentence.

Construction | Definition of Construction by Merriam-Webster

Construction is a general term meaning the art and science to form objects, systems, or organizations, and comes from Latin constructio (from com-"together" and struere "to pile up") and Old French construction. To construct is the verb: the act of building, and the noun is construction: how something is built, the nature of its structure.
