### Eighteenth-century rigs & rigging - Book, Monograph and ...

The rigging of period ship models is arguably the most complex and daunting task for the modeler. An eighteenth-century man-of-war boasted mile upon mile of rigging, over 1,000 blocks, and acres of canvas. To reduce the rigging in scale and yet retain an accurate representation is a formidable undertaking.

### Rigging Period Ship Models | U.S. Naval Institute

In the 18th and 19th centuries, corvettes were three-masted ships with square rigging similar to that of frigates and ships of the line, but they carried only about 20 guns on the top deck. Frequently serving as dispatchers among ships of a battle fleet, corvettes also escorted merchantmen and showed a nation's flag in distant parts of the world.
