Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Fish In A Tree Maslmd

fish in a tree Synopsis The author of the beloved One for the Murphys gives readers an emotionally-charged, uplifting novel that will speak to anyone who's ever thought there was something wrong with them because they didn't fit in.

FISH IN A TREE - Lynda Mullaly Hunt
But if you judge a fish by its ability to climb a tree, it'll go its whole life believing its stupid." This perfect quote (and title for the story) sums up a book that I believe every student and teacher should read, both in the lessons it teaches, and its ability to inspire anyone to keep trying, no matter how hard their own personal challenge may be.

The BBC labels the mangrove killifish (*Rivulus marmoratus*), found among the mangroves in Florida, Latin America, and the Caribbean, "The most extreme fish on Earth." For starters, this is the only vertebrate animal that is known to fertilize its own eggs. There are males and females in the species, but most of these little fish are hermaphrodites.

7. When you buy a freshwater fish, you support a greedy industry: Approximately 90 percent of these fish are raised on farms. Goldfish, for instance, are usually bred in giant tubs in facilities that produce as many as 250 million fish per year. Tropical fish sales are estimated at \$200 million to \$300 million a year worldwide.
