Read Online Gateway To Apshai Manual

Gateway to Apshai is an action-adventure game for the Commodore 64, ColecoVision and Atari 8-bit family, developed by The Connelley Group and published by Epyx as a prequel to Temple of Apshai. It is a more action-oriented version of Temple of Apshai, with smoother and faster graphics, streamlined controls, fewer role-playing video game elements,

Read Online Gateway To Apsbai Manual

of Apsbai by recounting a warrior's discovery of the path, through a series of dangerous caves, to the titular Temple. Reading the manual, I was struck by how weak the production values were compared to Epyx's previous games; there were only a couple of amateur illustrations and a page-and-a-half backstory in a five-page manual--this from a company famous for
