General fruit tree planting guidelines are as follows: Plant where your fruit trees will receive at least six hours of sun a day during the growing season. Sun should not be blocked by buildings, fences or other obstacles. Plant at least three feet from sidewalks and driveways and six feet away from buildings, as roots will spread wider than the tree crown. Allow ten to fifteen feet of space between fruit trees.

### All About Growing Fruit Trees - Organic Gardening - MOTHER ...

Fruits are not found exclusively on trees, but also shrubs, small plants, or ground vegetations. The main objective of fruit trees is to attract various land animals, birds, insects, and humans to their fruits so that they can be consumed and their seeds replanted. That is why fruits taste delicious.
