Business Recovery Plans — ENISA

The Company Recovery Procedure (CRP) was introduced into local legislation by means of Act XIII of 2003, and is detailed in Section 329B of the Companies Act. CRP is a procedure which gives companies in financial difficulty an opportunity to recover and rehabilitate their business rather than proceed to CRP. While CRP is not a panacea that can solve all of the problems being faced by an entity in financial difficulties, it is nonetheless a useful tool that can allow businesses which would ...

Company Recovery Procedure - Chetcuti Cauchi Advocates

A disaster recovery plan is a document that details how your business will recover from a catastrophic event. When you're sure that all of your employees are safe and sound after a disaster strikes, implementing your disaster recovery plan should be your first order of business.

Create a Business Disaster Recovery Plan

Disaster Recovery. Disaster recovery is an organization's response strategy to a natural or manmade disaster. In many cases, the impact of a crisis situation, such as a massive earthquake, a category 5 cyclone or a terrorist operation of devastating proportions - are unavoidable owing to the sheer intensity of the hazard.
