This part, together with parts 1 and 3, cancels and replaces ISO 2084:1974, ISO 2229:1973 and ISO 2441:1975. Specifies requirements for circular grey, malleable and ductile cast iron flanges of series 1 and 2. Annex A (guidance on tolerances on dimensions) and B (bibliography) are for information only.

### ISO 7005-2:1988 - Techstreet

The steel flange harmonization specified in the previous edition did not achieve the anticipated market acceptance. This can be attributed firstly to the fact that this part of ISO 7005 has not, prior to this revision, been updated and, secondly, that this part of ISO 7005 lacked normative requirements for many materials and their corresponding pressure/temperature ratings.
