Verified Purchase. This is a book i used as a student. Now that I am teaching, I need in its updated edition to use with my students.

### Elements of Materials Science and Engineering (6th Edition ...

This pedagogical change reflects the growing coherence and overall importance of materials science engineering and thereby establishes a sound foundation for later courses dealing in greater detail with specific kinds of materials. The sixth edition represents a definite advance in providing a fresh access to modern materials science engineering, now portrayed as an integrated field instead of merely the sum of its parts.
