Plus, we provide a seamless round-trip when you work on MS Project files in our software, so all your changes and formatting is saved when you import and export your work. But ProjectManager.com is also a great alternative to MS Project, offering the same features, but more user-friendly, sharable and without the excessive cost and learning curve.

### How to Use Microsoft Project - A Quick Guide

MS Project 2007 seems to be quirky, in that it does not automatically update the links. I have to essentially delete the old predecessor, hit enter button, then input the new predecessor. Is there a way to ensure that all my links are updated automatically and been accepted correctlt, without doing a manual walk-through of my entire timeline?
