Narrow Seas - Long Face Games | Wargame Vault

The war was fought in the Narrow Seas and essentially settled through three battles, which together defined basic naval tactics for the next hundred years. For it was this war that made visible, clearly and distinctly for the first time, that grand vision of two battle fleets passing parallel in strict line of battle while firing broadsides at one another: the Line.

The French Navy is recognised as being a blue-water navy by various experts and academics. According to professors Daniel Todd and Michael Lindberg, the French Navy is a rank two "limited global-reach power projection navy". The navy operates a single nuclear-powered aircraft carrier (Charles de Gaulle) which forms the centrepiece of the Navy's principal expeditionary task group (known as the ...

Blue-water navy - Wikipedia

(Clausewitz, trans. Howard, 1976) In order to compare favorably with armies and to justify the costly naval race, navies must prove themselves equally capable of winning wars in a short time. The notion of the decisive battle at sea satisfied the need to offer politicians a quick return on defense investments.

Strategic Works Of Clausewitz And Jomini Shaped The ...

Each of these narrow seas thus offers a prospective opponent the option to rapidly construct an anti-access area denial bubble. The Baltic and Black Seas, in particular, are a nightmare for anything larger than a corvette due to the seas' small sizes and Russian sensor and weapon coverage.
