The Neuro-Ophthalmology Survival Guide E-Book (2nd ed.)

The text is comprehensive but succinct. The first chapter, "Twenty Neuro 'Rules' to Keep You out of Trouble," is filled with important neuro-ophthalmology tidbits and should be read in its entirety by all ophthalmologists. The many colored illustrations are helpful in amplifying the text. Weaknesses: There are no major weaknesses. The authors do state that they wish to "...err on the side of caution in investigating and managing patients."
