Translation theorists typically emphasize the differences between translations and their sources. Yet they cannot help letting the idea that there is something identical between the two creep back into their discussions. This happens especially in discussions of poetry, where notions of functional equivalence cannot govern the definition of translation (I discuss the work of J. C. Catford and ...

This chapter is concerned with the translation into English (chiefly between 1800 and 1950) of obscene or erotic elements in classical texts. Cultures vary widely in their construction of sexual and excremental behavior, and in the acceptable context of usage and emotional register associated with sexual and excremental language. Where the target culture considers such language obscene and ...
