Step 1. Boot the Toshiba laptop from the installation CD, and click "Next" when asked to change the language, time and other info. Step 2. Click the "Repair your PC" option in the lower right corner, and reset the Toshiba laptop and password according to the path: "Troubleshoot" > "Reset this PC" > "Remove everything". Step 3.

Forgot Password on Toshiba Laptop? 5 Ways to Unlock/Reset

Interesting that the manual from Toshiba's site talks about a recovery partition -- but clearly you have recovery CD's instead. From what you've described, my best guess is your hard disk has a partition structure that's causing this issue -- something residual from either all of the partitions you had created, or possibly from the XP Home CD you used.
