Relays Wordpress

4x100. The 4x100 relay or sprint relay is an athletics track event run in lanes over one lap of the track with four runners completing about 100 meters each. The lead-off runners begin in the same stagger as for the individual 400m race. A relay baton is carried by each runner and must be passed within a 20 m exchange (or "passing" zone), which is usually marked by colored lines or ...
