(PDF) Introduction to Research Methods

Research can be defined as “an activity that involves finding out, in a more or less systematic way, things you did not know” (Walliman and Walliman, 2011, p.7). “Methodology is the philosophical framework within which the research is conducted or the foundation upon which the research is based” (Brown, 2006).

methodology - Research -Methodology

This ten chapter research methods text, Research Methods is authored by Dr. Christopher Heffner and is written for both undergraduate and graduate students in education, psychology, and the social sciences.
