Research Paper Peer Editing Checklist

This broad category describes research papers that have not been published in a journal or vetted through a peer-review process. Working papers can be in various stages of completion. One might be ready for publication in a prestigious journal while another requires significant editing and other changes that could actually alter its main findings. Some working papers' findings are so preliminary, authors will advise against citing their work.

Research Paper Peer Review Sheet - Questions for Peer Review

A peer review of your research paper is different than the editing process that you go through. Rather than you going through each section, citation, argument in your paper, someone else does. A peer review involves handing it to someone you trust to allow them to read it and provide feedback to help make your paper the best it can be.

The Power of Peer Editing: Five Questions to Ask in the Review

Scholarly literature can be of different types; some of which require that researchers conduct an original study, whereas others can be based on existing research. One of the most popular Q&As led us to conclude that of all the types of scholarly literature, researchers are most confused by the differences
