SB100 Complete Assembled Engine For 1986-'03 HD Sportster ...

Sportster motorcycles are powered by a four-stroke, 45° V-twin engine in which both connecting rods, of the "fork and blade" or "knife & fork" design, share a common crank pin. The original Sportster engine was the Ironhead engine, which was replaced with the Evolution engine in 1986.

Harley-Davidson Sportster - Wikipedia

Most Buell motorcycles use four-stroke air-cooled V-twin engines, originally built for XR1000 Sportster. After these were depleted, a basic 1200 Sportster engine was used. In 1995, the engines were upgraded with Buell engineered high-performance parts
