The Invention of Tradition Summary & Study Guide

The term 'invented tradition' is used in a broad, but not imprecise sense. It includes both 'traditions' actually invented, constructed and formally instituted and those emerging in a less easily traceable manner within a brief and dateable period - a matter of a few years perhaps - and establishing themselves with great rapidity.

The basic thesis of all essays in "The Invention of Tradition" is that many of the mass, public traditions in various societies of the world (from Scottish kilts to the very concept of tribes in Africa) are well-crafted ("invented") constructs of the 18th/19th centuries, and are not as ancient or immemorial as they are generally believed to be.

The Invention of Tradition: Hobsbawm, Eric, Ranger ...

The invention of tradition is a concept made prominent in the eponymous 1983 book edited by Eric Hobsbawm and Terence Ranger. In the Introduction, Hobsbawm argues that many "traditions" which "appear or claim to be old are often quite recent in origin and sometimes invented." They distinguish the "invention" of traditions in this sense from "starting" or "initiating" a tradition which does not then claim to be old. The phenomenon is particularly clear in the modern development of
