The Restitution of Man: C.S. Lewis and the Case Against Scientism. A trained philosopher and intellectual historian as well as a writer of genius, C. S. Lewis was one of the most lucid, profound, and eloquent critics of the reductive scientific materialism that has helped make the twentieth century so destructive and confused.

The Restitution of Man examines the conflict between scientific materialism and the classical Christian philosophical tradition as it has taken place since the seventeenth century. It examines Lewis' role as inheritor of and spokesman for this tradition and as an articulate opponent of reductive naturalism and the "abolition of man" that materialistic ideologies always entail.
