Late antiquity: the reconfiguration of the Roman world. The Roman Empire of late antiquity was no longer the original empire of its founder, Augustus, nor was it even the 2nd-century entity of the emperor Marcus Aurelius. In the 3rd century the emperor, who was first called princeps ("first citizen") and then dominus ("lord"), became divus ("divine").

Late antiquity: the reconfiguration of the Roman world

Late antiquity is a periodization used by historians to describe the time of transition from classical antiquity to the Middle Ages in mainland Europe, the Mediterranean world, and the Near East. The popularization of this periodization in English has generally been credited to historian Peter Brown, after the publication of his seminal work The World of Late Antiquity. Precise boundaries for the period are a continuing matter of debate, but Brown proposes a period between the 3rd and 8th centur
