Where to Buy | Toro

I have a model 38052 Toro Snowblower SN 5004348 Mfg 1985 with a Tecumseh HS50 67246E engine SN 4234B. It appears that the governor is not working and the engine runs very fast on full throttle and oil leaks where the rod from the spool exits the crankcase. I have not disassembled the engine as I have to remove it from the snowthrower.

13 reviews of AJ's Small Engine Repair
"They've done good work on my self propelled mower in the past and some of the employees are nice. The others, well they don't seem very pleasant. A couple of gentlemen in there have seemingly permanent scowls on their faces and don't make you feel welcome at all. Not in the very least. The last time we took our mower there for repair they charged us \$320 ...
