UL Standard | UL 508A

UL 508 covers control devices up to 1,500V and UL 508A covers Industrial Control Panels up to 600V. They are closely related; however, to comply with NEC Art. 409, the equipment can comply with UL 508A, Supplement SB, not UL508, even though most of the components would probably be UL 508 listed. I apologize for the confusion.
