If I set the odometer to 0, they can adjust it to the correct value with VCDS, but no VagTacho, no SKC, no start. I've also always wanted to use VDS-PRO to enable the "Roll windows up/down with key fob" CCM feature and other options, but it only runs on DOS and hasn't been maintained in many years.

VAG CAN PRO China Clone Review. Posted on May 22, ... The original VCP price is not bad (though postage cost is high), so I recommend it compared to VAS5054a however it can be used to complement VCDs i.e. to be used as an add on but not as a VCDs replacement. Best value / usage (all perform the same as diagnostic) 1. VCDs (best for coding) 2.

A car owner/mechanic can use the VCDS system for virtually all the functions that the dealer diagnostic tools can perform. Before the owners of a vehicle had no option but to take their vehicles to a dealership to run the diagnostics... but now with VAG-COM... the smaller independent workshops, or DIY'er can perform key functions using vehicle's onboard computer technology.
