Committed to covering all areas within virology research, Virology Journal accepts manuscripts from basic, clinical and translational research on the viruses ...

Virology Journal | Submission guidelines

The history of virology – the scientific study of viruses and the infections they cause – began in the closing years of the 19th century. Although Louis Pasteur and Edward Jenner developed the first vaccines to protect against viral infections, they did not know that viruses existed.

History of virology - Wikipedia

For ca. 20 years, the HCV protease NS3 has been implicated in NS5A hyperphosphorylation. We now show that it is the NS3-mediated cis cleavage at the NS3-4A junction that permits NS5A phosphorylation at serines 2201, 2208, 2211, and 2214, leading to hyperphosphorylation, which is a necessary condition for genotype 2 HCV replication. We further show that NS5A may already be phosphorylated at ...

Home | Journal of Virology

The Journal of Medical Virology is a monthly peer-reviewed medical journal covering fundamental and applied research concerning viruses which affect humans. It is published by Wiley-Blackwell and was established in 1977. Journal of Medical Virology adalah jurnal medis peer-review bulanan yang meliputi penelitian mendasar dan terapan mengenai virus yang mempengaruhi manusia. Jurnal ini diterbitkan oleh Wiley-Blackwell dan didirikan pada tahun 1977.

Journal of Medical Virology - Wikipedia bahasa Indonesia ...

Coronaviruses (CoVs) primarily cause enzootic infections in birds and mammals but, in the last few decades, have shown to be capable of infecting humans as well. The outbreak of severe acute respiratory syndrome (SARS) in 2003 and, more recently, Middle-East respiratory syndrome (MERS) has demonstrated the lethality of CoVs when they cross the species barrier and infect humans. A renewed ...
