The emotions and ideas that music expresses, the situations in which music is played and listened to, and the attitudes toward music players and composers all vary between regions and periods. "Music history" is the distinct subfield of musicology and history which studies music (particularly Western art music) from a chronological perspective.

### History of music - Wikipedia

Western music is a form of country and hillbilly music composed by and about the people who settled and worked throughout the Western United States and Western Canada. Western music celebrates the lifestyle of the cowboy on the open ranges, Rocky Mountains, and prairies of Western North America. Directly related musically to old English, Irish, Scottish, and folk ballads, also the Mexican folk music of Northern Mexico and Southwestern United States influenced the development of this genre, parti
