Accelerating Out Of The Great

Accelerating Out of the Great Recession, by The Boston Consulting Group's David Rhodes and Daniel Stelter, is a call to action for today's executives. It shows how companies can win in a slow-growth economy by seizing the initiative--differentiating themselves from less fleet-footed rivals and executing their strategies with single-minded determination.

Accelerating out of the Great Recession: How to Win in a ...

The Great Acceleration is the dramatic continuous and roughly simultaneous surge in growth rate across a large range of measures of human activity, first recorded in mid-20th century and continuing to this day. Within the concept of the proposed epoch of anthropocene, these measures are those specifically of humanity's impact on Earth's geology and its ecosystems.
