2020 Audi R8 Performance Review: Better Car, Best Engine

In a move that would surprise many, Audi took the Lamborghini LP560 V10 engine and shoved it into the R8 chassis but detuned it with slightly less power to not outdo its twin brother. While the engine was the biggest difference, the transmission options remained the same and the interior looked nearly identical.

Audi R8 Review & Buyers Guide | Exotic Car Hacks

"At its 8700 rpm limit, each one of the pistons found in the 10-cylinder Audi R8 engine is traveling approximately 88.3 feet every second. Putting it another way, adding up all 10 cylinders' worth of work, the engine's pistons can cover more than 600 mph. That's about as fast as your standard domestic commercial aircraft.
