Axis Robert Charles Wilson

Robert Charles Wilson's sequel to the Hugo Award winning Spin, Axis, does what not a lot of sequels do: it continues readers on this most unique story, but with a whole new world and cast of characters that helps to give everything a new pristine look, as if one were reading a individual, stand-alone novel, and not a sequel.

Axis (Spin, #2) by Robert Charles Wilson

The sequel to Spin (2005), Wilson's surpassingly strange yarn involves advanced alien Hypotheticals that, for reasons beyond speculation, moved Earth four-billion years into the future.. Advanced biological techniques, including the means to prolong life by 30 years, were developed; those so treated became known as Fourths.

AXIS by Robert Charles Wilson | Kirkus Reviews

Axis book by Robert Charles Wilson

Spin was not merely good, but extraordinary.So it would be unfair to label its sequel Axis a disappointment.What it lacks are the layers of thematic complexity that made Spin both an intellectually and emotionally transcendent achievement.But though it comes directly from its author's comfort zone, Axis is a worthy extension of Robert Charles Wilson's Hugo-winning original, introducing new ...
