In 1959, a second radio factory was established near Pune. In 1970 a new consumer electronics factory began operations in Pimpri near Pune; the factory was closed in 2006. In 1996, the Philips Software Centre was established in Bangalore, later renamed the Philips Innovation Campus. In 2008, Philips India entered the water purifier market. In ...

Philips case study - LinkedIn SlideShare

When I entered this field, innovation in medical technology was mainly about improving the features of systems and devices. For example, I vividly remember the 'CT slice war', when Philips and other manufacturers competed on quality of CT scans by increasing the number of cross-sectional images (or 'slices') of a particular part of the body.
