Courtyard Housing And Cultural Sustainability

Cultural sustainability is a very important aspect of the overall sustainability framework and is regarded as the fourth pillar alongside the other three: environmental, economic, and social sustainability. However, the concept is neither fully explored, nor widely accepted or recognized. This book elicits the interplay of nature-culture-architecture and theorizes the concept of cultural ...

Courtyard Housing and Cultural Sustainability: Theory ...

The Chinese have lived in single-extended-family courtyard houses in many parts of China for thousands of years. The earliest courtyard house found in China was during the Middle Neolithic period (5,000-3,000 BCE). However, the 20th century was a significant turning point in the evolution of Chinese courtyard houses. This presentation provides an overview of this transition and evaluates some ...
