This workshop will focus on the "dance" between client and therapist where the therapist interacts more through bilateral stimulation than through verbal communication. It will teach the behavioral ...

The Art of EMDR | EMDR International Association

This advanced retreat-style workshop will teach the Art of EMDR, with a special focus on EMDR with complex trauma. The "Art" of EMDR is expressed in numerous ways: the dance of attunement during bilateral stimulation; knowing when to interweave vs. "staying out of the way"; reading the signs of reprocessing; working with phobia of affect/traumatic material; and knowing what to do when the processing isn't moving along as expected.

Art of EMDR: Workshop Description

EMDR (Eye Movement Desensitization and Reprocessing) is a psychotherapy that enables people to heal from the symptoms and emotional distress that are the result of disturbing life experiences. Repeated studies show that by using EMDR therapy people can experience the benefits of psychotherapy that once took years to make a difference.
