G Codes Guide For Physical

G-codes were quality data codes that rehab therapy providers—including eligible physical therapists, occupational therapists, and speech-language pathologists—included on their Medicare claim forms to fulfill requirements for Functional Limitation Reporting (FLR).

G Codes | G Code List For Physical Therapy | WebPT

G-codes are quality data codes that are used on Medicare claim forms to satisfy certain requirements for Physician Quality Reporting System (PQRS) and Functional Limitation Reporting (FLR). These are extensively used by physical therapists, speech-language pathologists, and occupational therapists. It must be remembered that G-Codes for FLR and PQRS are different, however, CMS makes use of both sets of codes to easily track data about Medicare conditions and functions.
