Fair Game [Video]

Development of land for agriculture and other purposes has turned once-vast areas of wildlife habitat into disconnected patches. Habitat corridors—strips of undeveloped land that link isolated habitats—have long been eyed as ways to boost biodiversity and help plants and animals thrive.

Long-term study: Habitat corridors pay ever-increasing ...

A suspense-filled glimpse into the dark corridors of political power, FAIR GAME is a riveting action-thriller based on the autobiography of real-life undercover CIA operative VALERIE PLAME (Naomi Watts), whose career was destroyed and marriage strained to its limits when her covert identity was exposed by a politically motivated press leak. As a covert officer in the CIA's Counter-Proliferation Division, Valerie leads an investigation into the existence of weapons of mass destruction in Iraq.
