The Intex saltwater chlorine generator has an LED display on the top of the housing that will flash a code to identify common problems. Image Credit: Intex Corp. Intex salt-water chlorinators have an LED display that will light up and flash a numerical code number that identifies possible problems with the system. Code 90

How to Troubleshoot an Intex Above Ground Pool Salt System ...

The INTEX Saltwater System is an easy to use, automatic pool maintenance system. Pool owners no longer have to endure the expense and time of constant trips to the store and the dangers of handling and storing traditional packaged chlorine. Instead, the INTEX saltwater system uses only 100% all natural salt to generate a low level of natural chlorine and copper ions that destroy bacteria and ...

How to fix Intex Saltwater Low Salt Error 91 - YouTube

Krystal Clear Ozone & Saltwater System CG-26665, 110-120V with GFCI \$265.99 Combine the sanitizing power of ozone with the water comfort of saltwater to give swimmers and pool owners a great swimming experience.

Krystal Clear Saltwater System CG-26669, 110-120V with GFCI

Codes 91 and 92 The LED display in the Intex chlorinator can display a number of error codes, and two of the most common are 91 and 92. Code 91 indicates the salt level is too low, and Code 92 indicates it's too high. Whenever you see these codes, it's important to test the water before doing anything else, because the code may be an error.
