CARL JUNG AND THE TAROT Returning to Jung's theory of the collective unconscious will help us understand his association with the cards. He thought of the collective unconscious as the "soul of the world" and it is in that "soul" that our shared symbolism of the archetypes dwell.

Carl Jung: The Mystic Who Discovered Our Inner Tarot Deck ...

Tarot reading, from Jung's point of view, is a process that unveils the unconscious and which follows the perennial clues of psychic alchemy. It is said that Swiss psychologist Carl Jung discovered "the internal Tarot" of the human mind with his notion of archetypes. And it could be also argued that Tarot was already an underlying layer of the collective mind, which is where archetypes are printed—those fundamental images that constitute the psychic constellation of the human being.

Jung and Tarot The Tarot, a deck of seventy-two cards, occupies a niche in Western mysticism and divination akin to that of the I Ching in the East. Long considered simply a superstitious system of "fortune telling," the Tarot is largely ignored in academic circles and is often met with disdain in clinical circles.

Jung and Tarot

Highly innovative work presenting a piercing interpretation of the tarot in terms of Jungian psychology. Through analogy with the humanities, mythology and the graphic arts, the significance of the cards is related to personal growth and individuation. The major arcana becomes a map of life, and the hero's journey becomes something that each individual can relate to the symbolism of the cards and therefore to the personal life.
