Ford Engines - Ford Kent Crossflow engine (1959-1984)

However, Ford ended up installing the Crossflow engine into the Fiesta anyway, when the market demanded a 1.3-liter capacity, and later a 1.6-liter version for the North American market models. Most Americans got their first taste of the Kent engine in Ford's captive import the Cortina, and some in the 1600cc base version of the Mercury Capri.

Ford's Kent I-4 Engine

...

You could argue that a Kent engine is a Kent engine whether in Crossflow or Pre-Crossflow form, but if you're after period correctness then the later engine doesn't really look right. The issue is, if you want lots of performance, the Pre-Crossflow's maximum standard capacity is a mere 1498cc, or 1558cc if you
