Last updated: December 3, 2019 Google Fusion Tables and the Fusion Tables API have been discontinued. We want to thank all our users these past nine years. We understand you may not agree with this decision, but we hope you'll find alternatives that are just as useful, including BigQuery, Cloud SQL, Maps Platform, and Data Studio.. Frequently Asked Questions

FAQ: Google Fusion Tables - Fusion Tables Help

The idea of pianos being electric has been around since the 1920s, but it wasn't until the late 50s when they truly became popular.. Artists like Ray Charles started digitally altering sounds and the concept of a lighter, more diverse alternative to a standard upright or grand was really born.. From then up until the 90s, the digital piano was a different instrument - a recognizably ...
