Pricing your masterclass is an important factor in ensuring you attract not only enough learners, but also the right learners – a critical component in the success of any masterclass. I don't ever advocate cost-based pricing – i.e.,  $(\text{Costs} + \text{your time}) / \text{number of attendees} = \text{price}$  – but this is a case where it is especially undesirable.

Make sure you keep your text message short and sweet, though. A simple text won't just let her know that you are thinking about her and her well-being, but it will require her to respond as well. But caution : your first text is often the most important simply because if it sucks, then it's practically game over for you .
