Pupils will learn all about this historical ship in our National Geographic Kids primary resource, including the Titanic's design and structure, how and why it sank, and what the passengers experienced during the tragic event.

### **The Titanic primary resource | National Geographic Kids**

On the night of April 14, 1912, the R.M.S. Titanic chugged through the frigid waters of the North Atlantic Ocean, its over 2,200 riders unaware of the looming danger. Less than a week earlier, the luxury steamship—at the time the largest man-made moving object in the world—left Southampton, England , for New York City .

April 15, 2012, marks the hundredth anniversary of the sinking of the R.M.S. Titanic. Construction of the Titanic commenced in 1909 in Belfast, Ireland, by the ship-building company Harland & Wolff. Shipbuilders worked tirelessly for two years to create the mammoth structure that was to become the Titanic, and eight workers died during its construction.
