Download Seagull 90 110 Manual

The 110 was named to be 'one up' from the Century or 100. When the 'Trades Descriptions Act' came in in the 1980's they realised the motors could not really be described as certain hp, as they did not quite 'get there' So instead they measured prop thrust, in pounds. The 110 came in at 90, so that is what it became.

The 110 number was given to make it one model up from the 100, or Century . This model was numbered down to 90 when the thrust at the prop was measured. The Model 90 became the Classic 5 in the last days of Chillington , but sadly was dropped, one reason was the selling price, over £1000, but the final nail was the loss of the tooling for the gearbox cap, which is still unobtainable.

Seagull has recently introduced a new 20cc ARF to the market - a Piper L-4 Grasshopper, sporting a 90 inch wingspan. This brings the model in right around 1/5 scale (21.27% scale to be exact), and it's definitely large enough to be classified as a giant scale warbird! There's lots to love about this war-time Cub, so let's dig into the box!
